Mayor's Report
Benjamin Holbert
May 9, 2018

The month of April and May have been another whirlwind for the administration. We participated in a number of meetings including a round table discussion with State Senator Matt Dolan; Mayor's and Managers meeting at the Botanical Gardens and presented a resolution of condolences at the funeral of Cynthia Samples.

We also met with the managers and Business owners of Eton and provided World renowned artist Michael Arum with a proclamation of congratulations for presenting his Spring 2018 at La Bella Vita.

Tonight, you will hear a presentation from the consultants who will provide council with information about their efforts during the first quarter of 2018 and our continuing vision for the rest of the year.

I'm pleased to report to Tennyson Adams and myself made it safely to Texas and will be attending a seminar with architectural design firms relative to fire departments.

Respectfully submitted

Benjamin Holbert
